BEING SELECTED MATTERS

Nationwide fewer than 7% of funeral homes meet the requirements. In Texas, 2% are chosen!

Our Code of Good Practice

As funeral directors, our calling imposes upon us special responsibilities to those we serve and to the public at large. An important obligation is to provide information so that everyone can make knowledgeable decisions about funeral and cremation services.

In accepting our responsibilities, and as a condition of our affiliation with Selected Independent Funeral Homes, we affirm the following standards of good practice and hereby pledge:

1. To provide the public with information about funeral and cremation services, including prices, functions and the responsibilities of funeral directors
2. To make services available in as wide a range of price categories as necessary to meet the needs of all segments of our community, and to affirmatively extend to everyone the right to inspect and freely consider them all
3. To quote conspicuously in writing the charge for every arrangement offered, and to clearly identify the services, facilities, equipment and merchandise included in such quotations
4. To adhere to the highest standard of conduct in all aspects of business
5. To afford an ongoing opportunity to all persons to discuss or arrange funerals in advance
6. To ensure that pre-need contracts fully disclose those items which are guaranteed and those which are nonguaranteed, in terms that are clear and easy to understand
7. To manage prepaid funds responsibly, ensuring that promises are honored and expectations are met, within the letter and spirit of the law
8. To make no representation, written or oral, which may be false or misleading and to apply a standard of honesty in all dealings
9. To furnish each family, at the time arrangements are made, with a written memorandum of charges and to make no additional charge without their approval
10. To respect all faiths, creeds and customs, and to give full effect to the role of the clergy/celebrant
11. To maintain qualified and competent staff, appropriate facilities and suitable equipment required for comprehensive funeral and cremation services
12. To assure those we serve the right of personal choice in making service arrangements

We pledge to conduct ourselves at all times in a manner deserving of the public trust, and to provide a copy of this Code of Good Practice to the families we serve.

Harrell Funeral Home Austin

OUR PROMISE TO SERVE YOU

OUR FOUNDATION. In 1983, Arvin Harrell saw an opportunity to start a small business that could be there when a friend needed someone to call on. He envisioned Harrell Funeral Home helping friends by coming along beside their families and serving them with honor and truth when they needed someone the most. Arvin's life showcased what he believed – living a life that demonstrates love.

OUR PROMISE. Harrell Funeral Home was founded to serve others. Our employees are our strongest asset, and we place the utmost prominence in hiring people with generous hearts and integrity to meet other's needs before their own.

OUR MISSION is to be there for our customers, one family at a time. We are here to meet your needs and exceed your expectations above ours.

OUR HOPE is that our love for your family is felt from the moment our journey begins and brings light to you in the loss of life. We serve with experience that brings your family wisdom filled with comfort. This comfort is more than providing relief or sympathy. We stand beside you during the struggle to encourage and support you.

OUR HOME offers an atmosphere that brings joy, hope, and arms to uphold you. We want to celebrate and honor how your loved one has touched your life and the lives of others. These core principles are who we are and our promise to you.

OUR PRESENCE helps what could otherwise be felt as a tremendous burden during this time of grieving. Though friends or church members may offer to assist in organizing and overseeing, we feel it is helpful to have an expert by your side that knows the many intricacies involved in implementing a meaningful memorial ceremony. Our directors will help your family in many ways, including:

WE ASSIST YOU BEFORE THE FUNERAL:

- Meeting with each family to customize arrangements.
- Securing vital information, obtaining physician's signatures, filing the death certificate with the registrar and ordering/obtaining death certificates for the family.
- Obtaining permits for burial or cremation.
- Submitting the obituary information with the newspapers requested and sharing obituary via online options.
- Helping complete necessary forms for Veterans benefits, Social Security, and insurance claims.

BURIAL & CREMATION SERVICE OFFERINGS

Harrell Funeral Home offers a wide variety of burial options that can be personalized for your family. We feel a funeral represents an opportunity for family and friends to reflect on the life of their loved one, and to honor the memory of their life. Funerals provide a time for sharing in its deepest sense. We want to serve you by creating an environment that makes this walk a little easier. We will meet with your family to discuss which service options best meet your needs (whether burial or cremation) and where you would like to hold services (our chapel, a local church, graveside, or other facilities). Our staff is here to assist your family in meaningful ways:

- Receiving flowers that are sent to the funeral home, church, or another facility.
- Compiling the flower cards to assist you later in writing acknowledgements.
- Preparing a summary for clergy listing various details that pertain to the deceased and survivors as well as the ceremony.
- Arriving an hour early and attractively displaying the flowers following religious customs and clergy preferences.
- Bringing, displaying, or caring for the cremated remains as desired.
- Reserving and assisting with seating, setting up memorial registers for signatures, and delivering printed materials to guests.
- Greeting guests as they enter and guiding them as needed.
- Providing easels for the family to display select photos during the ceremony.
- Coordinating with musicians and clergy and prepare honorarium checks.
- Assisting in the playing of prerecorded music during the ceremony.
- During the closing of the ceremony: ushering the survivors and others, transferring and displaying flowers, display boards, and mementos to the reception or as you otherwise direct us.

Why Funeral and Memorial Services are important:

- Assist in the first steps in the grief process by reinforcing the reality of death.
- Create a place, time, and space dedicated to celebrating a life lived in a personal way and staying focused during an emotional time.
- Offer families an occasion to say a final good-bye.
- Offer an opportunity to express the feelings of grief.
- Provide an opportunity to share memories that validate the life of the deceased.
- Provide support to friends/family in a structured manner to acknowledge the loss within the family and community.
- Therapeutic act that begins the process of healing.

BURIAL SERVICE OFFERINGS

CELEBRATION OF LIFE FUNERAL SERVICE

\$5,995

Honors your loved one by celebrating a life well-lived. Services can be traditional or unique, and take place at the funeral home, a place of religious worship, a graveside, or other community venues. Our Funeral Directors will guide you through the process of selecting the type of services you want to be included.

A viewing and visitation may be held, before the service, to allow everyone time to remember your loved one's endearing qualities.

During the service, readings, videos, speakers, and religious leaders can help create special intimate moments. We offer many different signature services to help personalize the service for your family. Families of veterans can also include military honors during the ceremony or hold graveside services at a National Veteran cemetery.

After the service, an interment or committal service can follow at the cemetery. A committal service is where family and friends gather at the graveside to commit a loved one to the earth and say final farewells together. These services can be held in place of a Chapel or Church service, take place outdoors, or inside a mausoleum. There are many options to personalize both the graveside service and the gravesite as well.

PREPARATION OF REMAINS

Embalming

\$ 895

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Embalming is a chemical process, which provides temporary preservation of the body and eliminates health hazards. A person licensed by the State must perform this procedure. The Texas Department of Health states: "No human body may be held in any place or be in transit for more than 24 hours after death and pending final disposition unless either maintained at a temperature with the range of 34-40 degrees Fahrenheit, or is embalmed by a licensed embalmer in a manner approved by the Texas Funeral Service Commission, or by an embalmer licensed to practice in the state where the death occurred, or is encased in a container which ensures against seepage of fluid and escape of offensive odors." If there will be a public viewing of the deceased, it is the policy of Harrell Funeral Home to embalm the body. You may decline these services by either making other arrangements or selecting other services.

Our funeral home makes no representations or warranties about the protective value of any caskets or outer burial containers other than those made by the manufacturer. The only warranties expressed or implied, granted in connection with goods sold with this funeral service are the written warranties, if any, extended by the manufacturers thereof. No other warranties and, specifically, no warranties of merchantability and fitness for a particular purpose are extended by the seller. In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
